About Our Company

■ A Decade of Innovation and Success in the UAE

Solvo Tech – UAE, one stop solution for technical solutions to create, maintain, refurbish or repair by providing comprehensive solutions on fit outs for hotels, restaurants, retail, kitchens and other small, medium or industrial size projects. With renowned associate companies and leadership team of proven experience of over 60 years in the relevant field, Solvo Tech is a trusted, reliable and value driven partner for our clients for their old and new projects involving conceptualizing, designing, fitting out or refurbishment of existing concepts, refurbishing complexed metal works, joinery works, wooden solutions, electrical, mechanical and plumbing works in a nutshell.

Founded in 2018, Solvo Tech has emerged as a reliable, value driven service provider, delivering tailored solutions and services within the residential, commercial and industrial markets in the current and targeted landscape.

Our Mission

To continuously deliver our promise and enhance our portfolio with projects which make us and our clients, proud.

Our Vision

To be most respected and commercially value driven fit out company in current and target markets.

Our Values

Be Reliable, Be Swift, Be Trustworthy, Be Sensitive, Be Smart, Keep it Simple.

HOW WE WORKS

Our Process

Discover our streamlined process, meticulously crafted to ensure efficient project management from inception to completion. With a focus on client satisfaction, we deliver exceptional results every step of the way.

1 KICK MEETING

The project's selected staff and clients meet for the first time. Every contract will be signed, and preliminary planning will start.

2 ENGINEERING

Technical drawings ensure the highest standard in design execution. Our meticulous approach considers every detail for luxury project production.

3 PROCUREMENT

We will design a timeline and stick to it in order to obtain all the materials required to finish the project as efficiently as possible.

4 EXECUTION

The project will be completed on schedule and to the highest standard possible, with all planned outcomes being implemented.

5 HANDOVER & MAINTENANCE

An ongoing channel of communication for maintenance check-ins and support comes after a thorough handover.

Our Clints

We have proudly collaborated with over 200+ clients, delivering tailored interior solutions that exceed expectations and inspire admiration
